

LUTZVILLE

VINEYARDS

NATURAL SWEET RED NV

Tasting Notes

Made from Pinotage and Chenin Blanc grapes. This wine is low in alcohol with aromas of plum, wild strawberry and raspberry. Smooth and elegant on the palate with a lingering finish.

Analysis

Alc: 9.05vol%

RS: 49g/l

pH: 3.34

TA: 6.80g/l

Vineyard

The fruit for this wine is from selected vineyards planted in Alluvial and Karoo soils, on the banks of the Olifants River with the cooler sites near Koekenaap and the warmer sites further inland towards Vredendal. The climate leads to excellent colour development in the berries and fruit driven wines with soft tannin structures while retaining freshness and elegance.

Harvest & Cellar Treatment

The grapes were harvested and fermented separately. After fermentation the different portions will be blended, ensuring a fruit driven, creamy textured wine with elegance.

Serving

Pair with mild curried chicken or meat casseroles or as a dessert with dark chocolate and wild berries.
